"Through Habitat Build Days RBC employees from branches all across Canada are given the opportunity to help their communities prosper by pitching in and making homeownership, and a brighter future possible for families in need of decent, affordable housing."

- RBC National Habitat Build Day partner

get ready for a truly rewarding experience.

Habitat for Humanity Greater Vancouver's team building opportunities offer organizations a chance to invest in their employees while making a real difference in the lives of hard-working families and the communities in which they live.

Just like future Habitat homeowners do prior to purchasing their Habitat home, your team members will come together on a Habitat build site, roll up their sleeves and work together to help build a safe, decent, and affordable place that a family in need will one day call home.

Habitat's team building opportunities are an experience like no other. When your team arrives on the build site, their job titles will disappear. Employees of all skill levels – beginner to professional – will learn useful skills as they work side-by-side in a safe environment under the leadership of experienced Habitat crew leaders. Together, your team will have fun, connect with their fellow colleagues in a truly meaningful way, and leave the build site proud of their accomplishments, their colleagues, and their organization.

Habitat for Humanity offers three engaging and flexible team building opportunities:

Habitat Build Day

Habitat Build Week

Habitat Building Sponsorship

We created these options so that you can build a better workplace culture while giving back to your community.

your participation will have a lasting impact

Since 1985, Habitat for Humanity has worked with organizations like yours to help over 3,500 families in Canada build strength, stability and independence through affordable homeownership. While this work has had tremendous social impact, it has also helped supporting partners achieve their organizational goals.

Organizations who have participated in Habitat's team building opportunities have reported the following benefits:

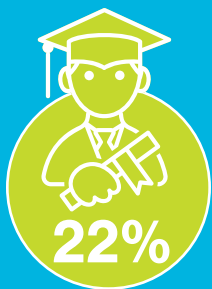

- Enhanced company image amongst employees and customers
- Increased employee morale, collaboration, and productivity
- Improved workplace culture
- Improved talent recruitment and retention
- Reduced absenteeism
- Leadership development
- Community engagement

In addition to building stronger teams, your participation in Habitat's team building opportunities will help build stronger families and communities.

"Our partnership with Habitat Canada is an integral part of our corporate social responsibility strategy. For our employees, Habitat Build Days offer a fun and unique opportunity to give back to their community, learn new skills and connect with their colleagues outside of work. At the end of the day, our employees get to see the tangible results of their hard work and leave the build site feeling proud of what they accomplished."
